LEARN HOW TO START YOUR DAY  
RIGHT.

The most important wedding photos and video are the ones that help the couple remember the important moments and people from their wedding day. Instead of trying to nail everything on a huge shot list, focus on what's important when it comes to your wedding and when it comes to your particular needs as a couple.

Getting into marriage is a great milestone in a person's life. These are special moments and you want to preserve these memories in your life. Wedding photographers and videographers are the ones who can help make your memories last forever.

Our relationship affects your photos. Not only will you remember the person who made your photos/video as you look at them, but you're letting us into a really intimate time of your lives, and that's some vulnerable space! If we truly click, like you would honestly go out for a beverage with me, your photos are going to show that.

You'll feel more comfortable, and we'll be able to collaborate together to make authentic goodness. Your guests will feel it, too. If your wedding photographer and videographer feels like part of the inner circle, your loved ones will trust us, too. And that means honest, authentic photos of your day.

You know how the BEST photos/video happen? It's when a couple says, "We totally trust you! We are up for anything!" When you choose an experienced wedding photographer and videographer whose style you love and you trust them to make it happen, your photographs and video will be exactly what you want. Period.

There is a reason why weddings are commonly referred to as the most exciting and wonderful day of our lives. After all, it is an event that celebrates the union of two people in a lifelong commitment to each other.

It is a day that brings family and friends together to support and celebrate the couple. It is also a day of joy and anticipation of the future, and a reminder of the importance of love.

The anticipation of getting ready for your big day. The heart-racing joy of walking down the aisle. The emotional exhilaration of saying "I do" - it's an unforgettable experience that will stay with you for a lifetime.

There's so much to love about weddings - and our goal is to make sure you love every minute of it, including your photography and videography. Capturing these precious moments and preserving them for a lifetime is at the heart of what we do.

Depending on your requirements and hopes for your day, we offer a range of packages that can be tailored to your wedding day. Let us know what you have in mind, and we can chat about making it happen!

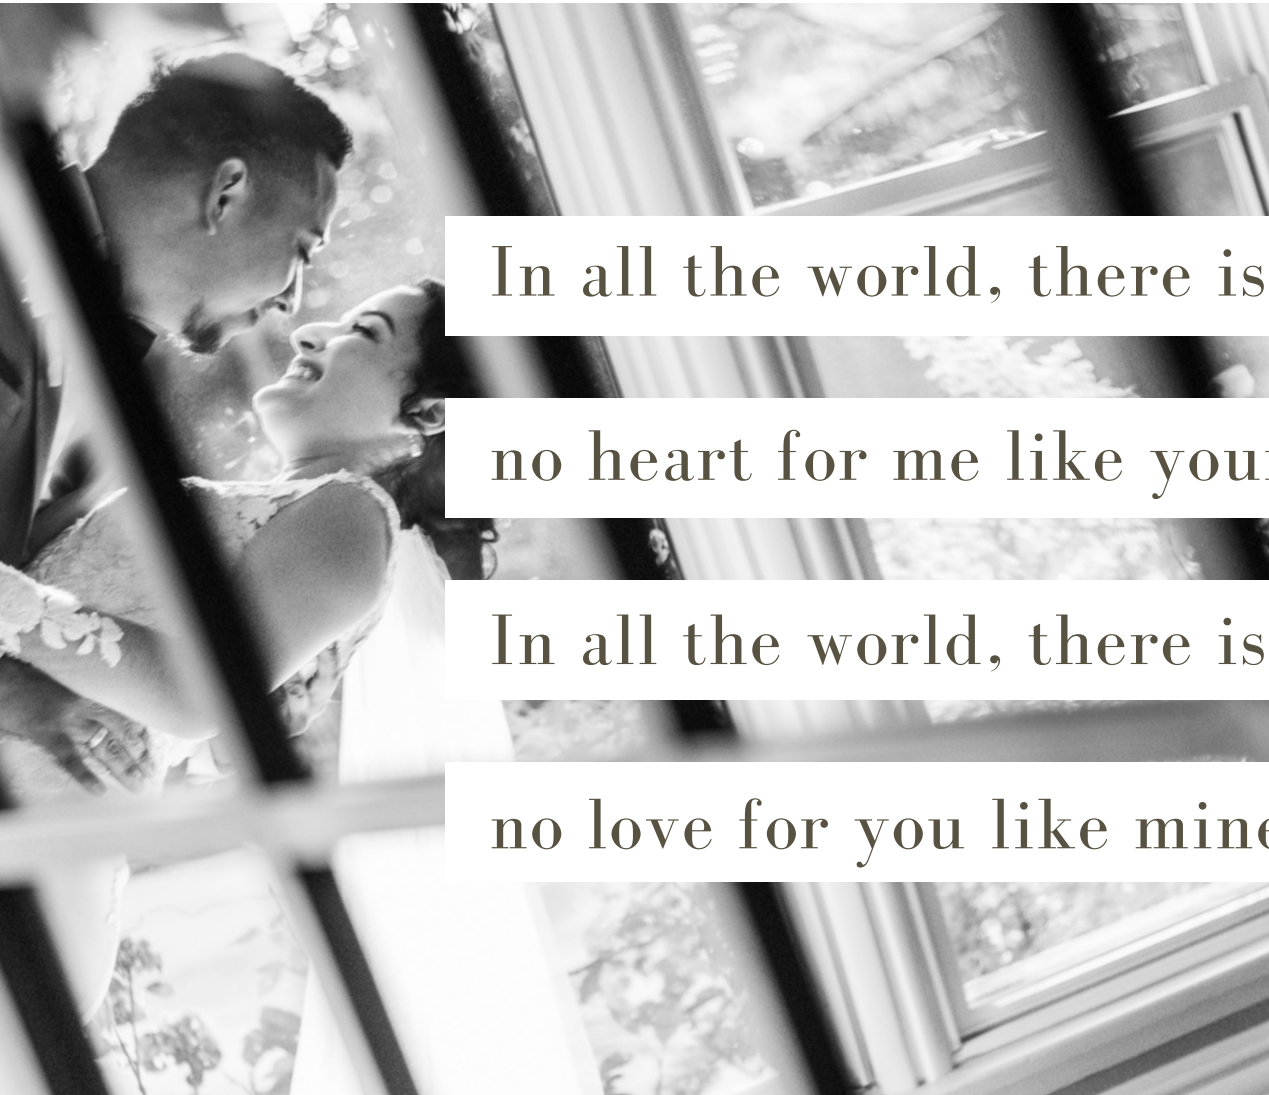

Before the big day, you'll meet with us to discuss what you like, and what is most important to you.

We would love to hear from you and we would be honored to tell your unique wedding story.

In all the world, there is

no heart for me like yours.

In all the world, there is

no love for you like mine."

# PHOTO & VIDEO TRENDS

## Candid Moments

The days of the overly posed wedding photo may be behind us. We have noted that those in-between images from the day, where natural joy and emotion shine through, are many of our clients favorites. We're thrilled to see clients letting go of overly staged Pinterest moments and embracing candid, imperfect, authentic imagery that really captures the spirit of their day.

## Film Photography and Video

Highlight wedding videos have become a significant trend in recent times, captivating couples and videographers alike. With an emphasis on emotional storytelling, these condensed and creatively edited videos capture the essence of the wedding day, allowing couples to relive their most cherished moments. Shareable on social media platforms, the highlight videos offer a convenient and modern approach to revisiting the special day. This trend's popularity lies in its ability to convey the beauty and emotions of the wedding in a visually stunning and time-efficient manner, while also serving as a keepsake to be cherished for years to come.

## Detail Photos

Detail shots have become an integral and enduring aspect of wedding photography and videography, going beyond a mere trend. These captivating images focus on preserving the intricate elements of the wedding, including rings, dresses, flowers, and decor, adding depth and context to the overall album. Detail shots hold timeless value, appreciating the thought and effort put into every aspect of the celebration. Cherished by both couples and photographers/videographers, these images beautifully complement the wedding story, making them an essential part of the wedding album that will continue to be treasured for years to come.

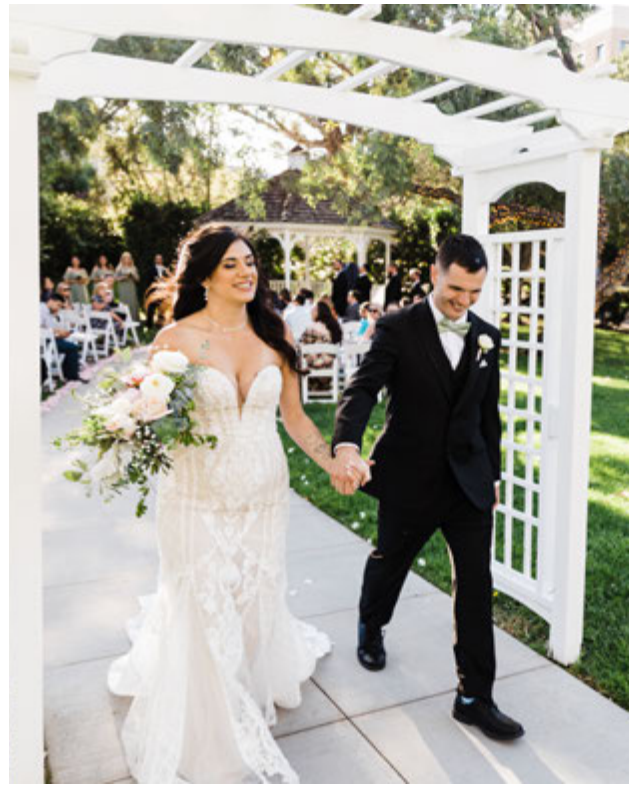

# WEDDING TIPS

*photography  
& videography*

We know exactly what you are looking for from your wedding day. An incredible celebration, that is memorable and of course, stress-free. But also amazing wedding photos and video that will last the test of time and allow you to relive said incredible memories.

Is it possible to have a fusion of amazing photography and a relaxed, fun day without feeling like you are in a photoshoot as a bride or groom? You bet it is.

*If I get  
married, I  
want to be very  
married.*

## TRY TO STICK TO YOUR ORIGINAL TIMELINE

Creating a timeline of the day's events and sharing it with us is essential to make sure all of you are well-prepared for the day.

It's a good idea to allow a little extra time between transitions or location changes from the ceremony to the reception on the chance that things are running behind schedule.

Make sure you talk your wedding photographer and videographer through your shot list and schedule photo sessions into your timeline for couple's portraits, wedding party, family, and any other specific requests.

## CREATE A LIST OF FAMILY MEMBERS

Make sure that you get a list of family members names to your appointed support person at least a week before your wedding. The list should at least have first names of all people wanted in the portraits.

Let all close family members know that you want them to stay at the ceremony site for family portraits. Sometimes family members (yes, even close ones like grandparents) forget or don't realize they need to stay for the family portraits. It takes time to gather lost family members and is much easier when they all know prior to the wedding day.

## GATHER ITEMS FOR DETAIL SHOTS

The rings, bouquets, wedding invitations, jewelry, boutonnieres, shoes, and cufflinks are all gorgeous details that shouldn't be forgotten! It's helpful for your wedding photographer to rely on a wedding party member or other helper (your appointed support person) to organize these items, so make sure to keep them close!

Don't limit yourself to this list, though! If you have any items that are meaningful to your relationship (such as love letters, keepsakes/tokens, souvenirs, etc..) those make wonderful additions to your detail photos. You can also think outside the box!

## CREATE A SHOT LIST WITH YOUR PHOTOGRAPHER & VIDEOGRAPHER

You've hired your dream photographer and videographer, and it is definitely within their expertise to make sure every moment of the day is captured. That being said, it is a great idea to put together a shot list so that you make sure that you check off the essentials.

From the little details, to the venue setup, to couple portraits — these are all examples of photos that will tell the story of your day from start to finish. Let your photographer guide you in creating a shot list together before your wedding day.

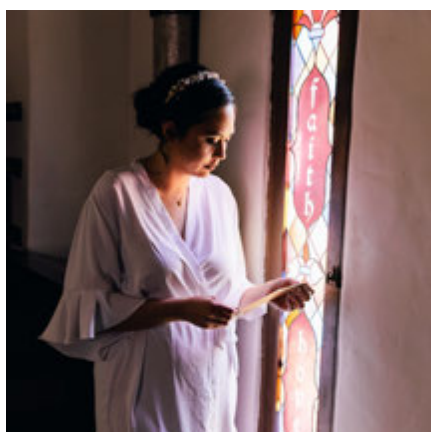

## ALLOW YOUR PHOTOGRAPHER & VIDEOGRAPHER TO GUIDE YOU

Allow your wedding photographer and videographer to gently guide you towards natural light and direction that will make you look and feel your best. We are always open to creative suggestions from our couples, but we also might suggest otherwise if we see that perhaps the shadows from a nearby tree might not be your best compliment in a particular location.

Not feeling comfortable in front of a camera yet? Schedule an engagement session with us before the big day to get used to moving and posing with your partner.

## ENJOY THE NIGHT AND HAVE SOME FUN!

Breathe, relax, and stay focused on each other. Do what is right for YOU TWO. Customize your wedding to your love story and what you two want. Sit back and admire all of the hard work that you (and your loving family/friends) have put into your day. Soak it all in. The best is yet to come!

# THE FIRST *moment*

We absolutely love this modern twist on the traditional wedding that gives you and your fiancé the opportunity to see each other for the first time in a more intimate setting. You could choose a more scenic location, or just have a first talk or handhold around the corner/behind a door so you don't see each other.

A first look doesn't have to happen right before you walk down the aisle, many couples choose to do a first look a few hours before the ceremony. Seeing each other earlier in the day opens up the possibility of getting some group/family/wedding party photos out the way prior to the ceremony, which means that you don't have to spend as much time away from your guests and your party later on in the day.

# ENGAGEMENT

*Session advice*

## WEAR SOMETHING COMFORTABLE

This is by far one of the most important tips we can give you. Choosing outfits that make you feel like a million bucks is key. If you purchase something new, take it out for a test run. You also want to think about how it'll photograph during your session.

Our biggest advice is comfort over everything. If you never wear a suit but are considering it for your engagements because it's what you have seen, just skip it and wear that band tee that you love. These photos are representative of your own personalities, and you should feel like yourselves and dress like yourselves, too.

Wearing outfits that compliment each other will help make your photos look cohesive.

ENGAGEMENT SESSION

## TAKE YOUR ENGAGEMENT PHOTOS IN A PLACE THAT YOU LOVE

We encourage couples to go to places they love. This could be the place where you first met, a cafe or brewery, or perhaps in your own home. Your story is unique, and your photos should reflect that. This is the perfect opportunity to visit a place or two that might be hard to visit on your wedding day. Maybe there is a hiking trail or park in your area you'd like to have your photos taken by. This is the perfect opportunity to capture memories there.

## SCHEDULE THE SESSION AROUND THE SUN

You may be familiar with the term “golden hour” aka the beautiful time of day just before the sun sets. This is when you want to shoot if you’re looking for that warm light in your photos. Planning ahead of time using your weather app to find out when sunset is ensures that you have plenty of time to shoot before the light is gone.

The early afternoon may sound like a good time for photos schedule-wise, but keep in mind that the light is much harsher at this time because the sun is directly overhead. Early morning light can also be magical, so if you’re a morning person, consider getting to your first location just as the sun starts to rise.

# KIND WORDS

"Great work, fun, and flexible!

Chris and Alda were professional and great to work with for our wedding. We had a couple of pre-planning sessions to help us to get comfortable with the team, and to ensure that we were aligned on expectations. On the day of the event, Chris and Alda were patient, and captured wonderful pictures of us as a couple, as well as our wedding guests - it was a great encapsulation of our Big Day. Thank you!"

*Ryan & Taylor*

"Chris and Alda were thoughtful, communicative, and produced great photos/videos for our wedding. They were a pleasure to work with throughout the whole process. The photos/videos did take a bit of time to receive, but they took their time and made sure the results turned out perfectly. Would highly recommend them for any wedding!"

*Kevin & Jennifer*

"Chris & Alda were very friendly and professional at the same time. The communication and the attention to the details we wanted were spot on.

Let me tell you, I know as brides we want to get our pictures and videos right away, but please keep in mind, there is a lot of editing that takes place. If you want quality, you have to be patient. I can't express enough how worth it was the wait!!!

Our pictures and video were a dream come true. We even saw things we didn't know we missed at the wedding.

They are a very skilled team, believe me they are worth every penny and the wait. You won't regret it.

I will definitely recommend them and use their services for upcoming special events.

*Janette & Cory*

*"We absolutely LOVED having this team as our photographers. They made us feel so comfortable and relaxed (we both are terribly awkward). We had so much fun working with them, and truly feel blessed to have had the capture so many magical memories during our special day. It was more than we could have ever asked for!"*

*Elissa & Brianna*

We take pride in providing you with cherished memories in the most accessible and modern way. Your photos will be delivered digitally through a secure online gallery, allowing you and your loved ones to view and download the images effortlessly.

Similarly, your enchanting wedding video will also be shared digitally. We prioritize convenience and ease, so you can embrace your love story with the utmost joy and convenience.

Q: Do I have to order prints through you?

A: We do not offer prints on our packages, but we give the option of ordering prints through the platform of your online gallery. It isn't required, though. The difference in quality is huge when it comes to ordering through a professional lab, that's why we make this option available for you.

Q: Are you willing to travel?

A: Yes! Definitely! Travel fees are applied if we're going over 50 miles, which is charged both ways. Destinations that exceed two hours of driving time each way may require overnight accommodations. Please inquire.

Q: Do you bring a second shooter?

Whether you want a second photographer or videographer is entirely up to you. We shoot many of our weddings solos. We are very comfortable and confident in our ability to capture most typical wedding days on our own.

Q: How Do I Book A Date?

A: A small deposit fee of \$350 & signed contract is required in order to get your wedding on the calendar, locking the date for you. The remainder of your balance is due two weeks prior to your wedding. As most couples tend to have their wedding on a Saturday these are the days that book out the quickest.
